Contractor Approves Preparations For New Bridge Over Pawcatuck—Temporary Post Office Quarters Ordered—Ministerial Association Makes Choice of Officers—Property Owners Not Anxious to Lease to Saloon Tenants.

James Keon of the contracting firm of Ryan & Keon, of Dorchester, Mass., who are constructing the concrete abutments for the bridge over the Pawcatuck river, in connection with the railroad improvements, was in Westerly Monday, inspected the work, and expressed satisfaction with the progress made. While the firm is engaged to do this special concrete work, it has been necessary to build a roadway to the river bank and the filling was taken from the Canal street side of the former Dixon property. All the material used in the manufacture of the concrete, except the cement, is also taken from the Dixon property. As a result, the great bulk of earth has been cleared for quite a distance on the Canal street end, and much of the material that has been carted away will ultimately become a part of the section to be filled in on the Westerly side of the river.

The filling being done on the opposite side of the river is being carried on by a large force of workmen in the employ of the railroad company, and distinct from the construction work of Ryan & Keon. This material is also being taken from the Dixon property that is parallel with the railroad tracks. In connection with the clearing of the bank on that side, a steam shovel, steam derrick and work train are utilized, and the filling is carried on rapidly between the West Broad street and Pawcatuck river bridges, and at the latter point the filling has been carried out up to the present time for a distance of about forty feet and at a depth of thirty feet. As the filling proceeds the new track is moved to the end of the newly made embankment so that the filling can be carried on with the minimum amount of labor and in the most expeditious manner.

The great Dixon bank will be leveled for a distance in width of seven hundred feet and extend the whole length of the property; it is estimated that sufficient material will be obtained therefrom to complete the immense filling that is contemplated in the plan of improvement. The new space will be utilized in connection with the new passenger station and freight depot and the general change in track.

Postmaster Butler has been advised to seek temporary quarters for the postoffice to be utilized during the raising of the present structure and the erection of a new postoffice building. Notice has been given that the government desires that the present building be removed by January 1, if possible, provided other quarters for the postoffice can be secured by that time. The store in the Hinckley-Mitchell block, now known as Apothecaries' hall, has been suggested and it is expected that a department official will soon make inspection of this store and decide upon its availability as a temporary postoffice. The location of the store is convenient to the public but would be cramped quarters for employees, as there are three hundred square feet less floor space than in the present office.

Still, it is the most desirable place available within the railroad delivery and collection of the mails. The present postoffice must within a prescribed limit, and should the temporary postoffice be located beyond the limit the railroad delivery would be relieved from the delivery of mail pouches to and from the train. It is understood that the plans and specifications for the new postoffice building have been completed and that the appropriation for the building has been made. The appropriation for the building is \$100,000 and the cost of the site is \$20,000.

The Westerly Ministerial association held its monthly session Monday in Memorial building. There was more routine business than usual owing to the occasion of the October meeting due to misunderstanding among some of the members towards a newcomer in local church work. The paper that was to have been read at that meeting was omitted at Monday's session. Matters relating to the recent no-license campaign were discussed.

Rev. A. C. McGiffen was elected president, and Rev. John M. Collins secretary of the association for the ensuing year. Rev. Clayton A. Burdick of the Seventh-day Baptist church was selected to preach at the union service on Thanksgiving day at Grace Methodist church.

Upon invitation, Thomas Perry, who is a member of the state committee on the Men's Mission movement, outlined the work of the movement and what was expected to be accomplished in Westerly with the aid of the members of the ministerial association.

The Leonard house in Main street is to be reopened as a hotel, provided liquor license can be procured. From present indications there will be at least twenty-five applications for the seventeen liquor licenses to be granted by the town council, and effort will be made to make the competition of the business in the chief Italian section of the town, with a view to the location of saloons in more central locations as a matter of convenience and more equal distribution of the trade.

Although the town has voted in favor of license twice in succession, there is a strong sentiment against the saloon, so strong that owners of desirable properties are slow to lease for saloon purposes.

Jurors from Westerly have been summoned to duty in the superior court for Washington county, which convenes in Kingston, next Monday.

the grand jurors not to report until Wednesday.

Seventeen applications for liquor licenses have already been filed with the town clerk.

Dr. Francis McVay of Pawtucket, well known in Westerly, is making recovery from an operation for appendicitis performed in the Rhode Island hospital.

Mrs. Eliza C. Burdick and five other members will entertain the membership of the Rhode Island chapter, Tuesday afternoon, at the home of Mrs. Burdick, in celebration of the fifteenth anniversary of the chapter.

During the gale and rain storm Saturday night, a large apple tree in the yard of Mrs. Martha Maxson in Main street, was blown down. The trunk of the tree was eighteen inches in diameter and was almost completely broken about two feet from the ground.

Clarence Arthur Barnes, manager of the Rhode Island pharmacy with Mrs. Barnes, celebrated the tenth anniversary of their marriage at the old home farm in Exeter, R. I., Sunday.

There was a gathering of friends who extended congratulations and were entertained in truly hospitable, old-fashioned way.

DOING THEIR DUTY

Scores of Norwich Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Help the kidneys do their work.

Doan's Kidney Pills build up weak kidneys.

Norwich people endorse our claim.

Mrs. John Wozniak, 23 Elm St., Norwich, Conn., says: "Doan's Kidney Pills have done me a world of good and I cannot say too much in their praise. I suffered for three or four years from kidney trouble and was unable to find relief until I began using Doan's Kidney Pills, procured at N. D. Sevin & Son's Drug Store. They removed the dull pain in my back, just over my kidneys and made me feel like a different woman."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

BARN AND ICEHOUSE

Burned at South Canterbury—Heavy Loss for Dumas Peltier.

The Bulletin's South Canterbury correspondent writes:

Sunday evening Dumas Peltier's barn and icehouse burned down. He only had time to get out his horse and cattle. In the buildings was a new sleigh, lumber wagon, 15 bags of fertilizer, besides other articles which he did not have time to save, as the hay in the barn caused it to burn very quickly. If the wind had been south-west instead of southeast, the house would have gone. The cause of the fire is unknown.

alderman at large, John D. Dady was nominated for re-election by C. H. Brown. There was no opposition, as

was the case with the balance of the ticket, which is as follows: City treasurer, C. H. Brown; collector, Joseph McKinnis; auditor, L. P. Merriam; registrar of voters, Simon Farley. The caucus ratified the ward nominations for aldermen and collectively approved of the ward committees as the republican city committee as follows: George W. Baker, Charles K. Shaw, C. D. Sharpe, H. G. Carver, Alphonse Bourcier, Hector Duvert, Leon P. Wilson, John B. Byrne.

Richard Gorman called the democratic city caucus to order in the city court room at 8:30. Ex-Mayor J. J. McGarry was named as chairman and Thomas P. Ryan as clerk. There was a prolonged silence when nominations for mayor were asked for. Joseph Ryan was finally moving that the caucus, if there were no candidates on the democratic side, endorse the republican nominee. Then there was another silence. T. P. Ryan moved that the caucus proceed to nominate a candidate as follows: Alderman at large, George P. Miner; city treasurer, Warren J. Ryan; collector of taxes, Charles Seeley; auditor, J. Harry Mann; registrar of voters, George Potvin. The caucus then ratified the ward caucus nominations and afterwards agreed on Dr. Larue for mayor. The city committee named was: J. Harry Mann, C. A. There are 3 Features in

Crawford Ranges

which make them superior to any others

1. The Single Damper
2. The Oven heated by cup-joint flues
3. The Two Hods in the base

Either of these features is worth the price of the range. The Single Damper is the greatest help in cooking ever invented. One motion—push the knob to "kindle," "bake" or "check"—the range does the rest.

The Oven is heated by the cup-joint flues all over alike; no "cold corners," no
